Veterans of the Korean War*

April 4, 2015

Marvelous Video of 2015 Commonwealth Revisit to Korea a high tribute to MPVA... and all of the world's Korean War Veterans!

Hello Veterans and Friends of Veterans,

We have received from Terry Price, Trustee and Consul for the British Korean War Veterans Association a link to an excellent - an extremely high class, well conceived, well made and most poignant - video depicting the April Commonwealth veterans revisit to the Republic of Korea, as guests of Korea's Ministry of Patriots and Veterans Affairs.

Mr. Price, who participated in the revisit, had the videos uploaded to a Facebook account, where they are now available for downloading without cost.

You will see representatives from Australia, Canada, New Zealand and the United Kingdom at many meaningful ceremonies, and at the wonderful banquet reception, and at the DNZ, the United Nations Memorial Cemetery and the UN Peace Museum in Busan.

The video productions are a grand achievement for the MPVA staff, which has brought the revisit program forward to a new level of excellence, which the veterans most surely appreciate.

Video 1 covers excerpts from the whole program so poignantly and will bring tears to the eyes of many veterans who view it.

Video 2 covers the magnificent banquet, which Yongjin Jeon, MPVA director of international operations advised was "fantastic!"

We think so, too.
